**City of Wichita  
City Council Meeting  
September 8, 2015**

**TO:** Mayor and City Council

**SUBJECT:** Public Hearing on the Establishment of the Kellogg and West Community Improvement District (District IV)

**INITIATED BY:** Office of Urban Development

**AGENDA:** New Business

---

**Recommendation:** Close the public hearing, place the ordinance on first reading and approve the development agreement.

**Background:** On July 7, 2015, the City Council accepted a petition from Kellogg & West, L.L.C. (K&W) requesting the creation of a Community Improvement District (CID) for the redevelopment of property north of the intersection at Kellogg and West, to be called the Kellogg and West Community Improvement District. At the time, the City Council accepted the petition and adopted a resolution stating its intent to consider the establishment of the proposed CID and setting August 4, 2015 as the date for a public hearing on this matter. On August 4 and 18, 2015, the City Council adjourned the public hearing to allow additional time for negotiations. On August 18, the City Council adjourned the public hearing until September 8, 2015.

**Analysis:** The project will allow for better use of existing land and buildings as well as improve the intersection at Kellogg and West Street. The estimated total cost of the project is \$16,600,000, a portion of which will be paid by the CID. The petition includes a traffic signal on West Street, widening of West Street, site improvements, parking, landscaping and operating costs as eligible for CID reimbursement. The maximum eligible amount for reimbursement by the CID is \$8,326,250 based on 125% of the projected tax revenue. The proposed amount of Community Improvement District sales tax for the district is one percent (1%) which will be distributed on a pay-as-you-go basis for up to 22 years.

A table identifying the project revenue sources and uses eligible for CID reimbursement is provided below:

<u>Sources</u>		<u>Uses (Eligible For CID Reimbursement)</u>	
CID Revenue	\$ 8,326,250	Land Acquisition	\$ 3,000,000
Developer debt and equity	\$ 8,273,750	Demolition and Construction	\$11,125,000
		City Infrastructure	\$ 350,000
		Site Improvements	\$ 1,550,000
		Legal, Architecture/ Engineering and Planning	\$ 575,000
	<b>\$16,600,000</b>		<b>\$16,600,000</b>

**Public Purpose Statement:** The public purpose of the project is to provide for the construction of infrastructure and other improvements to contribute to the revitalization, growth and economic development of the West Street and Kellogg intersection.

**Development Agreement:** The attached development agreement between the City and developer provides the contractual framework for the CID. K&W agrees to the following:

- Allow the City to review and approve or deny the relocation of any business within three miles of the district, for the first three years, on any property in which the developer requests reimbursement for the land acquisition.
- Demolition or rehabilitation of three identified structures and additional investment within the district within the timeframe below:

Date	Obligation
October 1, 2016	Demolish or substantially rehabilitate one building within the District
April 1, 2017	Expend a minimum of \$250,000 in CID Costs excluding costs for demolition and land acquisition
October 1, 2017	Demolish or substantially rehabilitate second building within the District
October 1, 2018	Demolish or substantially rehabilitate third building within the District
Not Later than December 31, 2022	Substantial Completion of CID Improvements

The City will reimburse the developer with CID funds for eligible costs as expenditures are approved and if sufficient funds are available.

Upon adoption of the ordinance, the City will have created the improvement district and authorized the imposition of a one percent (1%) sales tax to pay for eligible costs as identified in the development agreement. The one percent (1%) CID sales tax will start to be collected January 1, 2016, following the delivery of a certified copy of the ordinance to the Kansas Department of Revenue.

**Financial Considerations:** The developer has requested pay-as-you-go financing; therefore the City will not issue debt for this project. Proceeds will be held by the City and disbursed pursuant to the development agreement. The City will withhold five percent (5%) of the CID revenues distributed by the State, up to \$438,224, as an administrative service fee and disburse the balance of the CID proceeds to the developer until the maximum amount identified in the petition (\$8,326,250) has been reimbursed or the 22-year term has expired, whichever is earlier.

**Legal Considerations:** Copies of the resolution setting the public hearing were mailed to all owners and occupants of property in the district and published twice in the City's official newspaper according to state law. The ordinance and development agreement have been approved as to form by the Law Department.

**Recommendation/Action:** It is recommended that the City Council close the public hearing, place on first reading the ordinance establishing a community improvement district for the Kellogg and West Community Improvement District, and approve the development agreement.

### RECITALS

A. The City has authority to create a community improvement district (“**CID**”), pursuant to K.S.A. § 12-6a26 *et seq.* (the “**CID Act**”), for the purpose of financing certain public and private improvements as defined therein. Under the CID Act, the owners of at least 55% of the total assessed value and land area within the proposed CID boundaries may petition the City to request the creation of a CID and to impose special assessments or a special sales tax to pay the cost of eligible projects.

B. The Developer and AH Property Management, LLC (“**AH Property**”) are the owners of certain land in the City located at the northwest and northeast corners of the intersection of Kellogg Drive and West Street within the City.

C. On or about June 24, 2015, the Developer and AH Property submitted a petition (the “**Petition**”) to the City requesting the formation of a community improvement district (the “**District**”). A copy of the Petition is attached hereto as **Exhibit A**. A legal description and map of the boundaries of the District is set forth on **Exhibit B** attached hereto.

D. On September [\_\_\_], 2015, the City approved the creation of the District through the adoption of Ordinance No. 50-[\_\_\_] (the “**CID Ordinance**”), which became effective upon publication on September [\_\_\_], 2015. The CID Ordinance approved certain public and private improvements within the District, as well as certain administrative expenses to be incurred within the District, as more particularly described on **Exhibit C** attached hereto (collectively, the “**CID Costs**”), to be financed with pay-as-you-go financing payable from revenues received from the imposition of an additional 1% sales tax on all taxable sales within the District (the “**CID Sales Tax**”). The CID Sales Tax shall commence following publication and submittal by the City of a certified copy of the CID Ordinance to the Kansas Department of Revenue in accordance with **Section 4.01** hereof.

E. The purpose and intent of the creation of the District and public-private partnership formed pursuant to this Agreement is for substantial and long-lasting improvement of the character of the property within the District.

F. The general nature of the CID Improvements is to promote the redevelopment and revitalization of the Kellogg and West corridor by providing community improvement district financing in accordance with the CID Act and City policy to finance the demolition, construction, and procurement of certain improvements, costs, and services within the District, including, but not limited to: land acquisition, infrastructure related items, streets, potential traffic signal on West Street, sidewalks, parking lots and facilities, buildings, facilities, tenant improvements, water management and drainage related items, significantly enhanced landscaping, lighting, art, water features and other cultural amenities, administration of the District, marketing, advertisement and other eligible economic development costs.

G. The public purpose of the CID Improvements is to provide for the construction of critical infrastructure and other improvements to contribute to the revitalization, growth and economic development of an important City corridor.

H. The Parties now desire to enter into this Agreement to formalize the construction and financing of the CID Improvements for the purposes described herein.

**NOW, THEREFORE**, in consideration of the foregoing and in consideration of the mutual covenants and agreements herein contained, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

The Developer will furnish to the City the number of copies of the Construction Plans as required by the City. The Construction Plans shall be attached hereto as *Exhibit H* upon completion and approval by the City and shall be incorporated herein by reference.

In addition, no later than twenty (20) days prior to commencement of construction of a new building or rehabilitation of an existing building within the District, the Developer will provide elevations of the proposed improvements to the City. The City shall have the right to review and approve the elevations and provide feedback to the Developer in writing within fifteen (15) business days. In the event the City does not provide such written feedback within fifteen (15) business days, such elevations shall be deemed approved. Costs of construction or rehabilitation of buildings within the District that do not substantially conform to such approved elevations or for which elevations were not submitted to the City for approval in accordance with this Section, shall not constitute CID Improvements eligible for reimbursement.

**Section 3.08. Construction Permits and Approvals.** Before commencement of construction or development of any buildings, structures or other work or improvements, the Developer shall, at its own expense, secure or cause to be secured any and all permits and approvals which may be required by the City and any other governmental agency having jurisdiction as to such construction, development or work. Such permits and approvals may be obtained by Developer in phases corresponding to particular stages of construction. The City shall cooperate with and provide all usual assistance to the Developer in securing these permits and approvals, and shall diligently process, review and consider all such permits and approvals as may be required by law; except provided that the City shall not be required to issue any such permits or approval for any portion of the Project not in conformance with this Agreement.

**Section 3.09. No Waiver.** Nothing in this Agreement shall constitute a waiver of the City's right to consider and approve or deny Governmental Approvals pursuant to the City's regulatory authority as provided by City Building Code and applicable State law. The Developer acknowledges that satisfaction of certain conditions contained in this Agreement require the reasonable exercise of the City's discretionary zoning authority by the City's Metropolitan Area Planning Commission and Governing Body in accordance with City's Zoning Ordinance, the City Building Code and applicable State law.

**Section 3.10. Public Infrastructure Improvements.** Developer shall have the right to perform all engineering, bidding, construction and inspection of the Public Infrastructure Improvements in coordination with the City for the Public Infrastructure Improvements for the Project. Developer shall provide the City Representative at least 120 days advance notice of commencement of the Public Infrastructure Improvements. Developer shall comply in all respects with the City's policy set forth in *Exhibit I* and incorporated herein by reference. All Public Infrastructure Improvements shall be constructed by Developer subject to City's standard review and permitting procedures and pursuant to the provisions of *Exhibit I* attached hereto and incorporated herein. All contracts and subcontracts for the construction of the Public Infrastructure Improvements shall be competitively bid by Developer and the City shall have access to all such bidding documentation. All plans and specifications for the Public

Infrastructure Improvements shall be approved by the City Engineer. The City agrees to apply to the Kansas Department of Revenue for a sales tax exemption certificate for use in connection with the Public Infrastructure Improvements.

**Section 3.11. Bonds.** The Developer shall, or shall ensure that its contractors shall, provide for the following bonds for the Public Infrastructure Improvements which will be dedicated to the City in connection with the Project:

(a) ***Performance Bond, Payment Bond, and Statutory Bond.*** Prior to commencement of construction and ending upon acceptance of the Public Infrastructure Improvements, the Developer shall, or shall ensure that its contractors shall, maintain a performance and payment bond in a form approved by the City Attorney, in an amount equal to the cost of the Public Infrastructure Improvements covered by such bond, as determined by the City Engineer, conditioned upon the faithful performance of the provisions, terms and conditions of the construction contract. The performance and payment bond shall name the City as an obligee and copies of certificates of such bond shall be delivered to the City prior to commencement of construction. The Developer shall also obtain all statutory bonds required by KSA 60-1110 (with sureties authorized to do business in Kansas and approved by the City) with respect to the Public Infrastructure Improvements and in the full amount of the Public Infrastructure Improvements. The statutory bond will name the City as an obligee and will be filed with the clerk of the district court of Sedgwick County before any reimbursement to Developer is made in accordance with **Section 4.05**.

(b) ***Maintenance Bonds.*** Prior to acceptance and dedication of the Public Infrastructure Improvements the Developer shall, or shall ensure that its contractors shall, provide a maintenance bond in a form approved by the City Attorney, in an amount equal to the full cost of the Public Infrastructure Improvements as approved by the City Engineer, which shall be in effect for a term of two (2) years from the date that the City issues a certificate of completion of construction for the Public Infrastructure Improvements covered by the bond, conditioned upon the faithful performance of the provisions, terms and conditions of the construction contract. The maintenance bond shall name the City as an obligee and copies of certificates of such bond shall be delivered to the City prior to commencement of construction. With respect to maintenance issues which may arise after dedication of the Public Infrastructure Improvements to the City, the City shall first make any claim which arises related to such improvements for which a bond claim may be made against the bonding company, and shall make reasonable efforts to pursue the claim, prior to making demand upon the Developer to satisfy the claim.

(c) ***Indemnity for Failure to Provide Bonds.*** The Developer shall, or shall ensure that its contractors shall, indemnify the City and its officers and employees for any damage resulting to the City, its officers or employees from failure of the Developer to provide the bonds set forth in this Section.

**Section 3.12. Dedication of Right-of-Way and Easements.** Developer agrees to dedicate to the City without any charge or cost all necessary right-of-way and easements within or adjacent to the Project for the construction of the Public Infrastructure Improvements for the Project.

**Section 3.13. Certificate of Substantial Completion.** Promptly after substantial completion of each phase of the Project in accordance with the provisions of this Agreement, the Developer shall submit a Certificate of Substantial Completion to the City. The Certificate of Substantial Completion shall be in substantially the form attached as ***Exhibit L***. The City shall, within thirty (30) days following delivery of the Certificate of Substantial Completion, carry out such inspections as it deems necessary to

verify to its reasonable satisfaction the accuracy of the certifications contained in the Certificate of Substantial Completion. The Certificate of Substantial Completion shall be deemed accepted by the City unless, prior to the end of such 30-day period after delivery, the City furnishes the Developer with specific written objections to the status of the phase of the Project for which the Certificate of Substantial Completion has been submitted, describing such objections and the measures required to correct such objections in reasonable detail. Upon acceptance of the Certificate of Substantial Completion, or upon the lapse of thirty (30) days after delivery thereof without any written objections thereto, the Developer may record the Certificate of Substantial Completion with the Sedgwick County Recorder of Deeds, and the same shall constitute evidence of the satisfaction of the Developer's agreements and covenants to construct the applicable phase of the Project.

**Section 3.14. Operation of Project.** The Project shall comply with all applicable building and zoning, health, environmental and safety codes and laws and all other applicable laws, rules and regulations. The Developer shall, at its own expense, secure or cause to be secured any and all permits which may be required by the City and any other governmental agency having jurisdiction for the construction and operation of the Project, including but not limited to obtaining all necessary rental licenses and paying any necessary fees to obtain required permits and licenses. Until such time as construction is commenced for each phase of development, the Developer shall maintain the area within the District in a good and safe condition, including the boarding of vacant buildings and regular maintenance and removal of vegetation.

**Section 3.15. Covenant for Non-Discrimination.** The Developer covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person or group of persons on account of race, color, creed, religion, sex, marital status, age, disability, national origin or ancestry in the construction, sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Project, nor shall the Developer itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Project.

The covenant established in this Section shall, without regard to technical classification and designation, be binding for the benefit and in favor of the City, its successors and assigns and any successor in interest to the Project or any part thereof. The covenants contained in this Section shall remain for so long as this Agreement is in effect.

**Section 3.16. Land Use Restrictions.** The types of land uses and retailers set forth in *Exhibit J* hereto are prohibited within the boundaries of the District unless approved in writing by the City prior to the execution of a letter of intent, lease or prior to the sale of land.

**Section 3.17. Relocation Restrictions.** For a period of three (3) years from the date of formation of the District, the Developer shall present to the City a written description of only those potential retailers or restaurants to be located on land within the District for which the Developer has or will be reimbursed its land acquisition costs in accordance with **Section 4.05** hereof (the "**Restricted Property**"). A map of the District which indicates property that may become Restricted Property if land acquisition cost reimbursement is requested in accordance herewith, is attached as *Exhibit K*. Such description shall be presented to the City within thirty (30) days prior to the date when the Developer expects to enter into any legal obligation for the purchase and/or lease of such Restricted Property. The City shall have the absolute right to refuse any retailer and/or restaurant presented by the Developer on the Restricted Property to the extent that such proposed retailer and/or restaurant would constitute a relocation of such retailer and/or restaurant of an existing business within three (3) miles of the District boundaries. If the City Representative does not provide a written objection to Developer within fifteen

(15) business days of presentment, such non-response shall constitute a waiver of any objection to Developer's proposed sale or lease.

## ARTICLE IV

### CID FINANCING

**Section 4.01. CID Sales Tax.** The City shall deliver a certified copy of the CID Ordinance to the Kansas Department of Revenue imposing the CID Sales Tax not less than five business days after publication of the CID Sales Tax. Except as otherwise set forth herein, all of the CID Sales Tax revenues collected and delivered to the CID Sales Tax Fund shall be available for and dedicated to pay the CID Costs for the duration of the Term.

**Section 4.02. CID Sales Tax Fund.** During the existence of the District all CID Sales Tax revenues generated within the District shall be deposited into a CID Sales Tax Fund, which shall be established and administered by the City in compliance with the laws of the State and this Agreement and shall be held solely for the payment of the CID Costs and shall not be otherwise expended or commingled with other funds.

**Section 4.03. Pay-as-you-go Financing of the CID Costs.** The CID Sales Tax shall be used to reimburse the Developer for the CID Costs, as described in the Project Budget attached as *Exhibit C*. The City hereby agrees that the estimates of expenses related to the CID Costs may change prior to and during the expenditure of the CID Costs. However, the aggregate total amount of all CID Costs to be paid hereunder shall not exceed the CID Costs Cap. The parties agree that the CID Costs Cap will apply to the actual costs of the CID Improvements and the Other Eligible Expenses, but will not apply to the City's Administrative Service Fee. Unless otherwise agreed by the Parties in writing, reimbursements shall be made solely to the Developer unless otherwise set forth in this Agreement, except for payment of the City's Administrative Service Fee and Other Eligible Expenses incurred by the City, which will be deducted by the City in advance of distribution of the CID Sales Tax funds to Developer.

**Section 4.04. Certification of Expenditures.** The Developer shall certify all costs and expenditures to be made in connection with the CID Costs in accordance with the following:

(a) The Developer shall submit to the City a Certification of Expenditures in the form attached hereto as *Exhibit D* setting forth the amount for which reimbursement is sought and an itemized listing of the related CID Improvements.

(b) Each Certification of Expenditures shall be accompanied by such bills, contracts, invoices, and other evidence as the City shall reasonably require to document that payment has been made by the Developer for such CID Costs.

(c) The Developer may not submit a Certification of Expenditures to the City but shall not be eligible for any reimbursement in accordance with **Section 4.05** hereof, until the Developer has demolished or substantially rehabilitated one building in accordance with the Project Milestones described in *Exhibit E*.

**Section 4.05. Reimbursement.** The City shall have thirty (30) calendar days after receipt of any Certification of Expenditures to review and respond by written notice to the Developer. If the submitted documentation demonstrates that: (1) the Certification of Expenditures shows payment by the Developer of the CID Costs; (2) the expense was incurred; (3) the aggregate amount of CID Costs

therefore paid pursuant to this Agreement for the CID Improvements and Other Eligible Expenses is less than the CID Costs Cap and if added to the amount of the Certification of Expenditures, would not exceed the CID Costs Cap; (4) the Developer is not in default under this Agreement; and (5) there is no fraud on the part of the Developer, then the City shall approve the Certification of Expenditures and promptly reimburse the Developer for the CID Costs pursuant to the terms of this Agreement if sufficient funds are available in the CID Sales Tax Fund, and quarterly as funds become available in the event that funds in the CID Sales Tax Fund are at that time insufficient. In the event the City does not respond within such 30 day period, the Certification of Expenditures shall be deemed approved. If the City reasonably disapproves of the Certification of Expenditures, the City shall notify the Developer in writing of the reason for such disapproval within such thirty (30) day period and may request additional information from the Developer. In the event of a request for additional information, the thirty (30) day period for the City to respond shall be extended for an additional twenty (20) day period commencing upon receipt by the City of the additional information requested from the Developer. Said twenty (20) day period of extension shall apply to each request for additional information made by the City.

**Section 4.06. Payment of the City's Administrative Service Fee and Other Eligible Expenses.** The City shall be paid as a first priority payment from the CID Sales Tax Fund an Administrative Service Fee in an amount equal to five percent (5%) of the total CID Sales Tax revenues generated within the District and the amount of Other Eligible Expenses incurred by the City. The \$5,000 application fee paid by Developer to the City shall be applied as a credit toward payment of the Administrative Service Fee.

**Section 4.07. Sales Tax Information.**

(a) The Developer shall provide the City Representative written notice of all current tenants located within the boundaries of the District within 10 days of the opening or closing for business of any business within the District, and at all other times upon the written request of the City Representative.

(b) The Developer agrees to make commercially reasonable efforts to cause all assignees, purchasers, tenants, subtenants or any other entity acquiring property or occupancy rights in the District to be obligated by written contract (lease agreement or other enforceable document) to provide to the City Representative of the opening or closing for business of any such business within the District, and at all other times upon the written request of the City Representative

(c) To the extent it may legally do so, information obtained pursuant to this Section shall be kept confidential by the City in accordance with K.S.A. 79-3657.

**Section 4.08. Termination of the CID.** The City shall not terminate the CID prior to the expiration of its Term, except as provided by law, as requested by the Developer or in accordance with this Agreement.

**Section 4.09. Modification of the District.** From time to time during the Term, the Developer may request, and the City shall reasonably consider, any modification to the District, in accordance with the CID Act and the CID Policy.

**Section 4.10. Public Disclosure.** The Developer will post Signage adjacent to the main entrance of every retail establishment within the District. Signage is to be posted and maintained throughout the term of the CID and Agreement.

### INDEMNITY AND INSURANCE

#### Section 5.01. Indemnification of City.

(a) Developer agrees to indemnify and hold the City Indemnified Parties harmless from and against any and all suits, claims, costs of defense, damages, injuries, liabilities, judgments, costs and/or expenses, including court costs and reasonable attorneys' fees, resulting from, arising out of, or in any way connected with:

(i) the Developer's actions and undertaking in implementation of the Public Infrastructure Improvements;

(ii) the negligence or willful misconduct of Developer, its employees, agents or independent contractors and consultants in connection with the management, design, development, redevelopment and construction of the Public Infrastructure Improvements; and

(iii) any delay or expense resulting from any litigation filed against the Developer by any member or shareholder of the Developer, any prospective investor, prospective partner or joint venture partner, lender, co-proposer, architect, contractor, consultant or other vendor with respect to the Public Infrastructure Improvements.

This Section shall not apply to willful misconduct or negligence of the City or its officers, or employees. This Section includes, but is not limited to, any repair, cleanup, remediation, detoxification, or preparation and implementation of any removal, remediation, response, closure or other plan (regardless of whether undertaken due to governmental action) concerning any hazardous substance or hazardous wastes including petroleum and its fractions as defined in (i) the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"; 42 U.S.C. Section 9601, et seq.), (ii) the Resource Conservation and Recovery Act ("RCRA"; 42 U.S.C. Section 6901 et seq.) and (iii) Article 34, Chapter 65, K.S.A. and all amendments thereto, at any place where Developer owns or has control of real property pursuant to any of Developer's activities under this Agreement. The foregoing indemnity is intended to operate as an agreement pursuant to Section 107(e) of CERCLA to assure, protect, hold harmless and indemnify City from liability.

(b) In the event any Action is begun or made as a result of which the Developer or City may become obligated to one or more of the City Indemnified Parties hereunder with respect to the Public Infrastructure Improvements, any one of the City Indemnified Parties shall give prompt notice to the Developer of the occurrence of such event.

(c) The rights to indemnification set forth in this Agreement shall survive the termination of this Agreement.

#### Section 5.02. Insurance.

(a) **Types of Coverage.** Developer shall carry, or cause the Developer's general contractor to carry, for Public Infrastructure Improvements work only, the following insurance coverage insuring Developer, general contractor, and City as specified below through final completion (as defined in the construction contracts) of the Public Infrastructure Improvements:

(i) Comprehensive general liability insurance insuring Developer and City against all liability for injury to or death of a person or persons and for damage to property in any way occasioned by or arising out of the activities of Developer, City, and their respective agents, contractors, or employees, in connection with the design and construction of the Public Infrastructure Improvements, in the amount of not less than Five Hundred Thousand Dollars (\$500,000) or in such other amounts as may be reasonably acceptable to Developer and the City, ***provided, however***, such policies shall not name the City, or insure the City, for an amount of coverage in excess of the City's maximum liability pursuant to the Kansas Tort Claims Act and amendments (and any similar law limiting the liability of the City);

(ii) Workers' compensation insurance;

(iii) Automobile insurance (if applicable) with per occurrence limits of not less than \$500,000, or comparable Hired and Non-owned coverage included in General Liability; and

(iv) All other insurance as required by law.

(b) ***Policy Requirements.*** The following general requirements shall apply to all insurance coverage carried by Developer and general contractor pursuant to **Section 5.02(a)**:

(i) To the extent available, each policy shall contain a clause whereby the insurer waives all rights of subrogation against general contractor, Developer, and City, as the case may be;

(ii) Subject to the limitations on builder's risk coverage in **Section 5.02(a)(i)** and on general liability insurance in **Section 5.02(a)(ii)**, the City shall be named as its interests appear in all policies obtained by Developer and general contractor;

(iii) Such policies shall be with reputable insurance companies reasonably acceptable to Developer, City, and general contractor and licensed to do business in Kansas;

(iv) Developer shall provide the City Representative with policies or certificates of insurance evidencing such coverage prior to the start of construction;

(v) Within thirty (30) days prior to expiration of coverage, or as soon as practicable, renewal policies or certificates of insurance evidencing renewal and payment of premium shall be provided by Developer to the City Representative; and

(vi) The policies must be non-cancelable unless the carrier provides to the City Representative thirty (30) days' prior written notice of cancellation.

## ARTICLE VI

### DEFAULTS AND REMEDIES

**Section 6.01. Defaults – General.** Subject to the extensions of time set forth in **Section 6.07** below, failure or delay by any Party to perform any material term or provision of this Agreement, after

receiving written notice thereof and failing to cure, as set forth in **Section 6.02** below, constitutes an **“Event of Default”** under this Agreement. The Claimant shall give written notice of default to the defaulting Party, specifying the nature of the default.

**Section 6.02. Default Proceedings.** The Claimant shall not institute proceedings against a defaulting Party, nor be entitled to damages if the defaulting Party within fourteen (14) days from receipt of the written notice of default set forth in **Section 6.01**, commences with due diligence to cure, correct or remedy such failure or delay and shall complete such cure, correction or remedy within thirty (30) days from the date of receipt of such notice; or if such cure, correction or remedy by its nature cannot be effected within such thirty (30) day period, such cure, correction or remedy is diligently and continuously prosecuted until completion thereof.

**Section 6.03. Remedies on Default.** Whenever any Event of Default by the City shall have occurred and be continuing, the only remedy that may be sought from the City is strictly limited to use of available CID Sales Tax revenues to pay CID Costs (i.e., the City can have no liability under this Agreement that in any way extends to its general or tax funds, or any other source of funds apart from the CID Sales Tax revenues derived from the Project), except that, in case of any diversion by the City of CID Sales Tax revenues in breach of this Agreement, the City will be obligated to restore such diverted revenues, dollar for dollar, from any lawfully available source of appropriations.

Whenever any Event of Default by the Developer shall have occurred and be continuing, subject to applicable cure periods, the City may (1) pursue any remedy at law and in equity, except as provided below, and/or (2) refuse to approve any further Certificates of Expenditures, make any disbursements until such Event of Default is cured by the Developer and withhold any CID Sales Tax revenues and/or (3) terminate the CID. If two or more Events of Default by the Developer occur and continue beyond applicable cure periods, within a successive 12-month period, the City shall, in addition to the remedies set forth in the preceding sentence, have the option to terminate this Agreement, to withhold any disbursements of CID Sales Tax revenues, and to terminate the CID.

Notwithstanding any other provision of this Agreement to the contrary, in no event shall the Developer or the City ever be liable for any punitive, special, incidental, or consequential damages in connection with this Agreement, or otherwise. For the purposes of this Section, consequential damages shall include, but not be limited to, lost profits, lost tax revenue, or other similar losses which are not direct out-of-pocket costs incurred by any non-defaulting Party. Further, specific performance shall not be available to the City to require the Developer to construct any improvements within the District.

If a Party has instituted any proceeding to enforce any right or remedy under this Agreement by suit or otherwise, and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Party seeking to enforce the right or remedy, then and in every case the Parties shall, subject to any determination in such proceeding, be restored to their former positions and rights hereunder, and thereafter all rights and remedies of the Parties shall continue as though no such proceeding had been instituted.

The exercise by a Party of any one remedy shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach. No waiver made by a Party shall apply to obligations beyond those expressly waived.

Any delay by a Party in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights under this Section shall not operate as a waiver of such rights or limit it in any way. No waiver in fact made by a Party of any specific default by another Party shall be considered or treated

as a waiver of the rights with respect to any other defaults, or with respect to the particular default except to the extent specifically waived.

**Section 6.04. Legal Actions.**

(a) ***Institution of Legal Actions.*** Any legal actions related to or arising out of this Agreement must be instituted in the District Court of Sedgwick County, Kansas or, if federal jurisdiction exists, in the Federal District Court in the District of Kansas.

(b) ***Applicable Law.*** The laws of the State shall govern the interpretation and enforcement of this Agreement.

(c) ***Acceptance of Service of Process.***

(i) In the event that any legal action is commenced by the Developer against the City, service of process on the City shall be made by personal service upon the City Clerk or in such other manner as may be provided by law.

(ii) In the event that any legal action is commenced by the City against the Developer, service of process on the Developer shall be made by personal service upon an officer or agent of the Developer and shall be valid whether made within or without the State or in such other manner as may be provided by law. In the event the Developer no longer has an officer or registered agent to serve, the Secretary of State is hereby irrevocably appointed to accept service for the Developer.

**Section 6.05. Rights and Remedies are Cumulative.** Except as otherwise expressly stated in this Agreement, the rights and remedies of the Parties are cumulative, and the exercise by a Party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

**Section 6.06. Inaction Not a Waiver of Default.** Any failures or delays by a Party in asserting any of its rights and remedies as to any default shall not operate as a waiver of any default or of any such rights or remedies, or deprive such Party of its right to institute and maintain any action or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

**Section 6.07. Enforced Delay; Extension of Times of Performance.**

(a) In addition to specific provisions of this Agreement, performance by a Party hereunder shall not be deemed to be in default, and all performance and other dates specified in this Agreement shall be extended, where the Party seeking the extension has acted diligently and delays or defaults are due to default of the other Party or Excusable Delays.

(b) Times of performance under this Agreement may also be extended in writing by the mutual agreement of the City and the Developer.

**ARTICLE VII**

## GENERAL PROVISIONS

**Section 7.01. Amendment.** This Agreement, and any exhibits attached hereto, may be amended only by the mutual consent of the Parties, and by the execution of said amendment by the Parties or their successors in interest. Except for amendments to extension of performance times pursuant to **Section 6.07(b)** or **Exhibits C, E, F, G, H or K**, which may be approved and executed on behalf of the City by the City Representative, each amendment shall be approved by resolution adopted by the City's governing body. If any provision, covenant, agreement or portion of this Agreement, or its application to any person, entity or property, is held invalid, the Parties shall take such reasonable measures including, but not limited to, reasonable amendment of this Agreement to cure such invalidity where the invalidity contradicts the clear intent of the Parties in entering into this Agreement.

**Section 7.02. Assignment.** The Developer may not assign its rights in this Agreement without the express consent of the City evidenced by a resolution adopted by the City's governing body approving an exception to the CID Policy. Notwithstanding the foregoing, the Developer, with prior written notice to the City, may make a collateral assignment of 100% of its rights under this Agreement to a single financial institution as security for a financing of the Project; provided, however, that any assignment of rights shall not impair the City's right to determine the eligibility of CID Costs nor require the City to subdivide any CID Sales Tax revenues due to the Developer. Any decision to consent or refuse consent to an assignment pursuant to this Section shall be solely at the discretion of the City Representative or the City's governing body, as the case may be. Nothing herein shall be construed to delegate rights or responsibilities of the City under this agreement, including without limitation the determination of eligible project costs for reimbursement. Subject to the provisions of **Sections 3.16 and 3.17** hereof, nothing contained herein shall restrict the ability of the Developer to sell, rent and/or lease any portion of the District within the Developer's sole discretion.

**Section 7.03. Right to Inspect.** The Developer agrees that the City, with reasonable advance notice and during normal business hours, shall have the right and authority to review, inspect, audit, and copy, from time to time, all of the Developer's books and records relating to the CID Costs as pertinent to the purposes of this Agreement.

**Section 7.04. Right of Access.** For the purposes of assuring compliance with this Agreement, the City Representative shall have the right of access to the District, without charges or fees, during normal business hours for purposes related to this Agreement, including, but not limited to, the inspection of the work being performed in constructing any of the CID Improvements.

**Section 7.05. No Other Agreement.** Except as otherwise expressly provided herein, this Agreement and all documents incorporated herein by reference supersedes all prior agreements, negotiations and discussions, both written and oral, relative to the subject matter of this Agreement and is a full integration of the agreement of the Parties.

**Section 7.06. Severability.** If any provision, covenant, agreement or portion of this Agreement, or its application to any person, entity or property, is held invalid or unenforceable in whole or in part, this Agreement shall be deemed amended to delete or modify, in whole or in part, if necessary, the invalid or unenforceable provision or provisions, or portions thereof, and to alter the balance of this Agreement in order to render the same valid and enforceable. In no such event shall the validity or enforceability of the remaining valid portions hereof be affected.

**Section 7.07. Notice.** All notices and requests required pursuant to this Agreement shall be in writing and shall be sent as follows:

Mailed notices shall be deemed effective on the third day after mailing; all other notices shall be effective when delivered.

**Section 7.08. Counterparts.** This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same agreement.

**Section 7.09. Consent or Approval.** Except as otherwise provided in this Agreement, whenever consent or approval of either Party is required, such consent or approval shall not be unreasonably withheld.

**Section 7.10. Survivorship.** Notwithstanding the termination of this Agreement, the Developer's obligations set out in **Article V** shall survive the termination of this Agreement to the extent that any incident giving rise to a claim, suit, judgment or demand occurred during the Term hereof.

**Section 7.11. Incorporation of Exhibits.** The exhibits attached hereto and incorporated herein by reference are a part of this Agreement to the same extent as if fully set forth herein.

**Section 7.12. Mutual Assistance.** The City and the Developer agrees to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications as may be reasonably necessary or appropriate to carry out the terms, provisions and intent of this Agreement and to reasonably aid and assist each other in carrying out said terms, provisions and intent.

**Section 7.13. Effect of Violation of the Terms and Provisions of this Agreement; No Partnership.** The City is deemed the beneficiary of the terms and provisions of this Agreement, for and in its own rights and for the purposes of protecting the interests of the community and other parties, public or private, in whose favor and for whose benefit this Agreement and the covenants running with the land have been provided. The Agreement shall run in favor of the City, without regard to whether the City has been, remains or is an owner of any land or interest therein in the Project or the District. The City shall have the right, if the Agreement or covenants are breached, to exercise all rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breaches to which it or any other beneficiaries of this Agreement and covenants may be entitled. Nothing contained herein shall be construed as creating a partnership between the Developer and the City.

**Section 7.14. Time of Essence.** Time is of the essence of this Agreement. The Parties will make every reasonable effort to expedite the subject matters hereof and acknowledge that the successful performance of this Agreement requires their continued cooperation.

**Section 7.15. Agreement Controls.** The Parties agree that the Project will be implemented as agreed in this Agreement and as set forth in the CID Policy. This Agreement specifies the rights, duties and obligations of the City and Developer with respect to constructing the Project and the payment of Project Costs. Nothing in this Agreement shall be deemed an amendment of the CID Policy unless specifically exempted herein or by subsequent action by the City's governing body.. Except as otherwise expressly provided herein, this Agreement supersedes all prior agreements, negotiations and discussions relative to the subject matter hereof and is a full integration of the agreement of the Parties.

**Section 7.16. Conflicts of Interest.**

The Developer further represents that, to its best knowledge and belief, no officer, employee or agent of the City who exercises or has exercised any functions or responsibilities with respect to the Project during his or her tenure, or who is in a position to participate in a decision making process or gain insider information with regard to the Project, has or will have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the Project, or in any activity, or benefit therefrom, which is part of the Project at any time during or after such person's tenure.

**Section 7.17. Validity and Severability.** It is the intention of the parties that the provisions of this Agreement shall be enforced to the fullest extent permissible under the laws and public policies of State, and that the unenforceability (or modification to conform with such laws or public policies) of any provision hereof shall not render unenforceable, or impair, the remainder of this Agreement. Accordingly, if any provision of this Agreement shall be deemed invalid or unenforceable in whole or in part, this Agreement shall be deemed amended to delete or modify, in whole or in part, if necessary, the invalid or unenforceable provision or provisions, or portions thereof, and to alter the balance of this Agreement in order to render the same valid and enforceable.

**Section 7.18. Required Disclosures.** The Developer shall immediately notify the City of the occurrence of any material event which would cause any of the information furnished to the City by the Developer in connection with the matters covered in this Agreement to contain any untrue statement of any material fact or to omit to state any material fact required to be stated therein or necessary to make any statement made therein, in the light of the circumstances under which it was made, not misleading.

**Section 7.19. Tax Implications.** The Developer acknowledges and represents that (1) neither the City nor any of its officials, employees, consultants, attorneys or other agents has provided to the Developer any advice regarding the federal or State income tax implications or consequences of this Agreement and the transactions contemplated hereby, and (2) the Developer is relying solely upon its own tax advisors in this regard.

**Section 7.20. Authorized Parties.** Whenever under the provisions of this Agreement and other related documents, instruments or any supplemental agreement, a request, demand, approval, notice or consent of the City or the Developer is required, or the City or the Developer is required to agree or to take some action at the request of the other Party, such approval or such consent or such request shall be given for the City, unless otherwise provided herein, by the City Representative and for the Developer by any officer of Developer so authorized; and any person shall be authorized to act on any such agreement, request, demand, approval, notice or consent or other action and neither Party shall have any complaint against the other as a result of any such action taken. The City Representative may seek the advice, consent or approval of the Governing Body before providing any supplemental agreement, request, demand, approval, notice or consent for the City pursuant to this Section.

**Section 7.21. Electronic Transactions.** The transaction described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies, facsimiles, electronic files and other reproductions of original executed documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law.

**Section 7.22. No Other Agreement.** Except as otherwise expressly provided herein, this Agreement and all documents incorporated herein by reference supersede all prior agreements, negotiations and discussions, both written and oral, relative to the Project and is a full integration of the agreement of the Parties.

The Performance Bond guarantees to the City the performance of the work as provided in the plans and specifications. The Maintenance provision is limited to 15% of the cost of the improvements. The Maintenance Bond guarantees to the City the correction of any defect on material or workmanship, latent in character, and not discernible at the time of final acceptance, and guarantees against any damage to such improvements by reason of settling of the ground base or foundation thereof.

This bond must be filed with the Clerk of the District Court in the Sedgewick County Courthouse (\$36.00 filing fee made out to *Clerk of the District Court*) and the original receipt must be submitted to the City Engineer. KSA 60-1111 should be referenced somewhere on the bond.

##### Notification

The Contractor shall notify the Consultant Engineer and all property owners and/or tenants within 500 feet of the furthest extents of the project at least ten (10) working days prior to construction. Contractor shall notify affected property owners of any disruption of service at least 2 days in advance.

All "wet" taps on Public Mains shall be completed by Public Works & Utilities staff. No tap on the City main will be made until final plans have been approved and all bonding requirements are met. The current Fee Schedule is available on the City's website in the Water Utilities, Customer Service section.

#### Construction

The Contractor must have a signed set of plans on site during construction. Fire protection lines must be installed by a licensed Fire Sprinkler Contractor.

**City of Wichita  
City Council Meeting  
September 8, 2015**

**TO:** Mayor and City Council

**SUBJECT:** Authorization of the Second Five Year Tax Exemption (Globe Engineering Company, Inc.) (District IV)

**INITIATED BY:** Office of Urban Development

**AGENDA:** New Business

---

**RECOMMENDATION:** Approve the second five-year property tax abatement.

**BACKGROUND:** On February 12, 2008, the Wichita City Council approved an Economic Development Tax Exemption for Globe Engineering Company, Inc. (Globe), located at 1539 S. Saint Paul in southwest Wichita. Under the City's Economic Development policy, Globe qualified for a 57% exemption on real property for a five-plus-five year basis. Globe has exceeded the projected capital investment and job creation and is requesting approval of the second five-year tax exemption.

**ANALYSIS:** Globe Engineering began in 1947 by making high chairs and booster seats, which later evolved into bending tubes for the aircraft industry. Globe has grown into a state-of-the-art company manufacturing complex aircraft and aerospace components. Its capabilities include tube-bending, hydro-forming, spinning, laser cutting, welding and heat treating. More than 67% of the company's production is exported outside of the State of Kansas.

Globe had 173 employees at the time of the expansion and projected adding nine new jobs over the next five years, bringing total employment to 182. The expansion project included construction of a 13,500 square foot building addition at a cost of \$1,137,045 and purchase of additional machinery and equipment at \$1,161,558.

<u>Commitment</u>	<u>Performance</u>
• Construction of building addition	Completed 13,500 square foot facility
• Purchase manufacturing equipment	Purchased equipment worth over \$1,000,000
• Create nine new jobs in five years	Created 40 new jobs

**Financial Considerations:** Under the City's Economic Development Policy, the Company qualifies for a 57% ad valorem tax exemption for an additional five years.

A new cost/benefit analysis was conducted by the Center for Economic Development and Business Research at Wichita State University with the following ratio of benefits to costs:

City of Wichita	4.15 to 1
Sedgwick County	3.04 to 1
USD 259	1.75 to 1
State of Kansas	87.45 to 1

**Legal Considerations:** According to the Economic Development Incentive Agreement, approval of the second five-year tax exemption is at the discretion of the City Council.

**Recommendations/Actions:** It is recommended that City Council approve the second five-year 57% ad valorem tax exemption for Global Engineering Company, Inc.

**TO:** Mayor and City Council

**SUBJECT:** Community Event with Alcohol Consumption – Resolution, Autumn and Art at Bradley Fair (District II)

**INITIATED BY:** Division of Arts & Cultural Services

**AGENDA:** New Business

---

**Recommendation:** Adopt the resolution.

**Background:** A community event application with alcohol consumption allowed has been submitted for Autumn and Art at Bradley Fair, scheduled for September 18 through September 20, 2015. In accordance with Section 3.11.065(d) of the Code of the City of Wichita and the Community Events procedure, a resolution is required authorizing consumption of alcoholic liquor on sidewalks and public streets, which have been closed to motor vehicle traffic during such licensed community event. The City Council has approved the request for closure of the streets involved in this event. Upon review of the application for this Community Event, a copy of which is attached hereto, and upon consideration of the factors set forth in Section 3.11.080 of the code of the City of Wichita, the Council shall determine if such approval should be given.

**Analysis:** Staff has reviewed the application for the community event with consumption of alcoholic liquor allowed, and based upon the factors set forth in Section 3.11.080 of the City Code, finds that all of the criteria set forth therein have been met and recommends approval of the event permit.

**Financial Consideration:** The event sponsor is responsible for all costs associated with the community event.

**Legal Consideration:** The Law Department has prepared and approved as to form the proposed resolution.

**Recommendation/Actions:** It is recommended that the City Council adopt the resolution and authorize the necessary signatures.

**Attachments:** Resolution, community event application for Autumn and Art at Bradley Fair and maps of proposed sites for consumption of alcoholic liquor for the event.

**RESOLUTION NO. 15-277****A RESOLUTION AUTHORIZING THE CONSUMPTION OF ALCOHOLIC LIQUOR  
ON PUBLIC STREETS DURING THE AUTUMN and ART AT BRADLEY FAIR**

WHEREAS, the City Council has approved as a community event, the Autumn and Art at Bradley Fair, to occur from September 18 through September 20, 2015.

WHEREAS, the City Council has approved 1900 – 2100 North Bradley Fair Parkway and East Wilson Estates Parkway from North Bradley Fair Parkway to Saddle Creek Road to be closed to vehicular traffic for such event from 6:00 a.m. on Friday, September 18 to 10:00 p.m. on Sunday, September 20, 2015, and with the consumption of alcoholic liquor allowed thereon from 5:00 p.m. to 11:00 p.m. on September 18, from 9:00 a.m. to 11:00 p.m. on September 19 and from 9:00 a.m. to 10:00 p.m. on September 20, 2015.

WHEREAS, a temporary permit for the consumption of alcoholic liquor at Autumn and Art at Bradley Fair has been applied for and will be issued by the State of Kansas and the City of Wichita upon the presentation of this Resolution.

NOW, THEREFORE, BE IT RESOLVED that the City Council, pursuant to Section 3.11.065(d) of the Code of the City of Wichita, and in consideration of the factors set forth in Section 3.11.080 of the Code of the City of Wichita, grants its approval for the consumption of alcoholic liquor on the city streets, sidewalks and public right of ways which are located within the designated event area of the Autumn and Art at Bradley Fair to occur from September 18, 2015 at 5:00 p.m. through September 20, 2015 at 10:00 p.m. as set forth above and to occur upon the dates and during the times above stated.

City of Wichita  
City Council Meeting  
September 8, 2015

**TO:** Mayor and City Council

**SUBJECT:** Storm Water Sewer Improvements to Serve Rockwood South 3<sup>rd</sup> Addition  
(District II)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** Consent

---

**Recommendation:** Approve the revised petition and revised estimate, approve acceptance of the lowest bid, and adopt the amending resolution.

**Background:** On May 19, 2015, the City Council approved a petition for storm water sewer improvements to serve Rockwood South Third Addition. The project was bid for construction on July 31, 2015, with all bids exceeding the engineer's estimate. The developer has submitted a new petition with an increased budget. The signatures on the petition represent 100% of the improvement district and the petition is valid per Kansas Statute 12-6a01.

**Analysis:** The project will provide storm water sewer improvements required for a new commercial development located north of Kellogg, west of Rock Road.

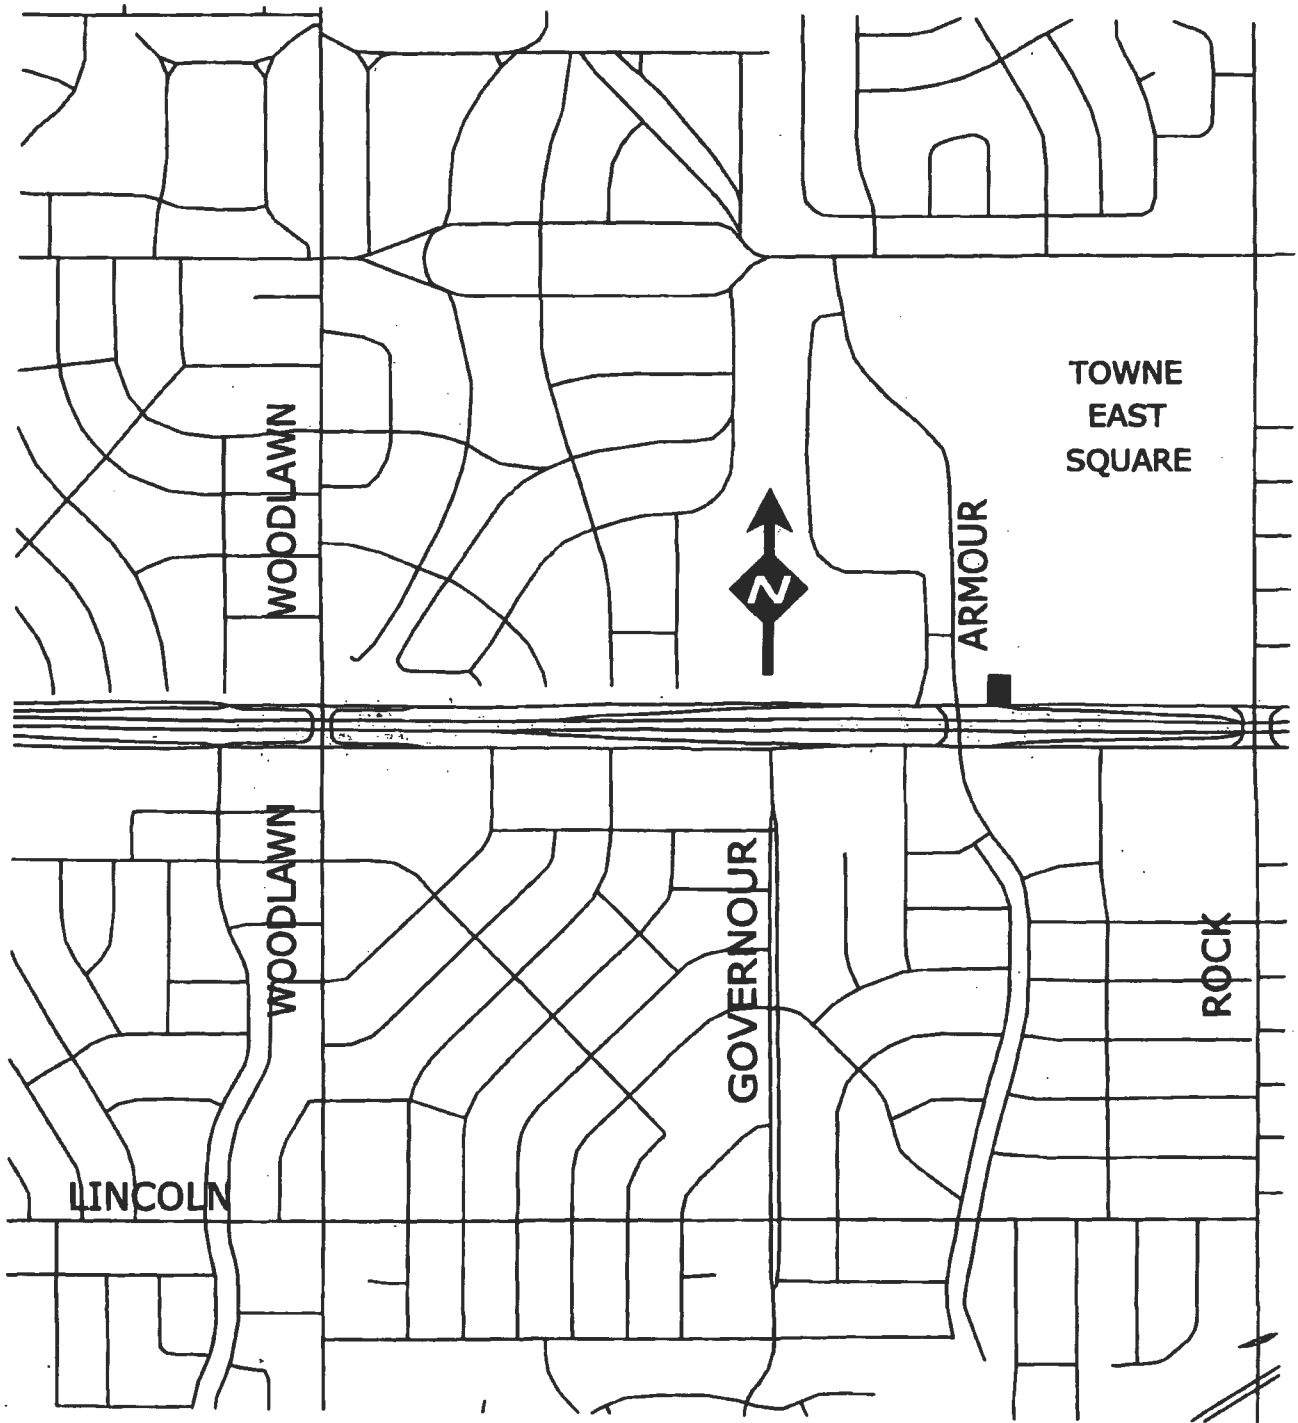

The lowest bid received for the project exceeded the engineer's estimate by more than \$4,000. Accepting this bid will allow the project to proceed without requiring it to be re-bid, thus eliminating a potential increase in the cost and delay in construction of the improvements. In accordance with Charter Ordinance No. 222, staff recommends the City Council approve acceptance of the lowest bid based on the best interest of the City. A revised estimate has been prepared to reflect the increased cost of constructing the improvements.

**Financial Considerations:** The existing petition total is \$20,000 and the revised petition total is \$27,000. The funding source is special assessments.

**Legal Considerations:** The Law Department has reviewed and approved the revised petition and amending resolution as to form.

**Recommendations/Actions:** It is recommended that the City Council approve the revised petition and revised estimate, approve acceptance of the lowest bid, adopt the amending resolution, and authorize the necessary signatures.

**Attachments:** Map, budget sheet, revised petition, amending resolution, and bid summary.

PETITION  
STORM WATER SEWER IMPROVEMENTS – ROCKWOOD SOUTH THIRD ADDITION

TO: The Mayor and City Council (the "Governing Body")  
City of Wichita, Kansas

1. The undersigned, being a majority of the resident owners of record of the property liable for assessment set forth below for the proposed improvements of the City of Wichita, Kansas (the "City"), do hereby request that said improvements be made in the manner provided by K.S.A. 12-6a01 *et seq.* (the "Act").

(a) The improvements proposed to be made are as follows (the "Improvements"):

Construction of a storm water sewer, including appurtenances to serve the Improvement District defined below.

The Improvements shall be constructed in accordance with City standards and plans and specifications prepared or approved by the City Engineer

(b) The estimated or probable cost of the proposed Improvements is: **\$27,000.00**, exclusive of interest on financing and administrative and financing costs; said estimated amount to be increased at the pro rata rate of 1 percent per month from and after the date of submission of this Petition to the City. If expenses have been incurred for the Improvements and construction has not started within two years of the initial design contract, the Improvements will be deemed abandoned and expenses incurred to date will be assessed against property in the Improvement District defined below in accordance with the provisions hereof.

(c) The extent of the proposed improvement district (the "Improvement District") to be assessed for the costs of the proposed Improvements is:

Parcel 2A & 2B; See *Exhibit A* attached hereto

(d) The proposed method of assessment is: **equally per square foot.**

In the event all or part of the lots or parcels in the proposed Improvement District are reconfigured before or after assessments have been levied, the assessments against the replatted area shall be recalculated on a square foot basis.

(e) The proposed apportionment of the cost of the Improvements, between the Improvement District and the City at large, is: 100% to be assessed against the Improvement District and 0% to be paid by the City-at-large.

(f) The payment of assessments proposed to be imposed hereunder may be indefinitely deferred against those property owners eligible for deferral pursuant to the City's Special Assessment Deferral Program.

2. It is further requested that the proposed Improvements be made without notice and hearing as required by the Act.

3. If the Improvements are: (i) abandoned, altered and/or constructed privately, in part or whole, precluding the building of the Improvement under the authority of this Petition and the Act; or (ii) it is necessary for the City to redesign, repair or reconstruct the Improvements after its initial design and/or construction because the design and/or construction does not meet the requirements of City code provisions; any costs incurred by the City as a result of submission of this Petition shall be assessed to property within the proposed Improvement District in accordance with the provisions hereof.

4. Names may not be withdrawn from this Petition by the signers hereof after the Governing Body commences consideration of this Petition, or, later than seven (7) days after the filing hereof, whichever occurs first.

5. The Governing Body is further requested to proceed with adoption of a resolution authorizing the Improvements and establishing the Improvement District in accordance with the Act and the construction of the Improvements in an expeditious manner.

City of Wichita  
City Council Meeting  
September 8, 2015

**TO:** Mayor and City Council Members

**SUBJECT:** Nuisance Abatement Assessments, Lot Clean Up (All Districts)

**INITIATED BY:** Metropolitan Area Building and Construction Department

**AGENDA:** Consent

---

**Recommendation:** Approve the assessments and place the ordinance on first reading.

**Background:** The Metropolitan Area Building and Construction Department (MABCD) supports neighborhood maintenance and improvement through abatement of nuisances under Titles 7 and 8 of the City Code. State law and local ordinance allow the City to cleanup private properties that are in violation of environmental standards after proper notification is sent to the responsible party. A private contractor performs the work and the MABCD bills the cost to the property owner.

**Analysis:** State law and City ordinance allow placement of the lot cleanup costs as a special property tax assessment if the property owner does not pay. Payment has not been received for the nuisance abatements in question and the MABCD is requesting permission for the Department of Finance to process the necessary special assessments.

**Financial Considerations:** Nuisance abatement contractors are paid through budgeted appropriations from the City's General Fund. Owners of abated property are billed for the contractual costs of the abatement plus an additional administrative fee. If the property owner fails to pay, these charges are recorded as a special property tax assessment against the property. Nuisance abatements to be placed on special assessments are listed on the attached property list.

**Legal Considerations:** The ordinance has been reviewed and approved as to form by the Law Department.

**Recommendation/Action:** It is recommended that the City Council approve the proposed assessments and place the ordinance on first reading.

**Attachments:** Property List for Special Assessments and Ordinance.

City Council Meeting  
September 8, 2015

**TO:** Mayor and City Council

**SUBJECT:** Westar Relocation Agreement for Central, 119<sup>th</sup> to 135<sup>th</sup> Street (District V)

**INITIATED BY:** Department of Public Works & Utilities

**AGENDA:** Consent

---

**Recommendation:** Approve the increased expenditure.

**Background:** On November 20, 2012, a relocation agreement with Westar Energy was approved for the Central, 119<sup>th</sup> to 135<sup>th</sup> Street project. The improvements required the relocation of electrical transmission poles located in private easement, which made the City responsible for the cost.

**Analysis:** The agreement provides that any additional cost beyond the original estimate would be agreed upon by both parties and brought back to the City Council for approval. Westar Energy has submitted the final costs, which are higher than the original estimated amounts for the relocation. The increase in the actual cost over the original estimate is due to higher than estimated construction costs and timing of the project causing Westar Energy to proceed with relocation based on preliminary design information in order to meet federal regulations.

**Financial Considerations:** The original estimated cost for the relocation work was \$248,280. Westar Energy has reported that the final cost is \$300,849, which is an increase of \$52,569. Funding is available in the existing budget, which was approved by the City Council on September 25, 2012, and is funded by general obligation bonds and federal grants.

**Legal Considerations:** The Law Department reviewed and approved the relocation agreement as to form on November 20, 2012.

**Recommendation/Action:** It is recommended that the City Council approve the increased expenditure in compliance with the approved contract.
